

# INDIANA TECH

## PARKING PERMIT INFORMATION AND ACCEPTANCE/WAIVER FORM

All motor vehicles that will be parked on campus must be registered with Campus Security. Parking permit registrations need to be completed online at [www.IndianaTech.edu/permits](http://www.IndianaTech.edu/permits).

You will need your Indiana Tech student ID number to complete the registration. Be sure you clearly understand which parking lots your type of permit will allow you to use. Parking lots are identified on the online campus map.

Students registering their vehicles will receive their permits delivered to the address they provide. Depending on the time of your registration, consider whether you may already be in Fort Wayne for the beginning of the semester. You will be able to print out a temporary permit upon approval until your permanent permit arrives.

Please contact Buildings & Grounds at 260.422.5561 x2138 with questions regarding parking permits.

---

**This form must be completed and returned to the Business Office**

### PARKING PERMIT ACCEPTANCE / WAIVER FORM

Name: \_\_\_\_\_ Student ID #: \_\_\_\_\_

Accept – I understand that should I have a vehicle on campus, I must register the vehicle online to obtain a valid parking permit. I also understand that specific parking lots are designated for the different types of permits which are outlined on the registration page and in the student handbook.

Decline – At this time, I will not be parking a vehicle on campus but if that should change, I will apply for a permit online as described. Furthermore, I understand that any vehicle parked on campus that can be confirmed as driven by a student without a valid parking permit will be subject to immediate fines and towing.
